

## SECTION 1: ABOUT

1. Let's start with a compelling intro that tells us who you are. Start by sharing your name, what you do, and just enough about you to get us intrigued (1-2 sentences).
2. Now tell us something about yourself that's fun, unique, or relatable (1 sentence should do ya). It doesn't have to be work-related!

3. Now tell us about a few of your best skills! Be sure to highlight your strengths and areas of interest.

## SECTION 2: WORK

---

1. Tell us about your work samples (3 is a good start)! Include the name of the project (make it a link if possible), a representative image (a nice screenshot will do), and a brief description the project.
